Advanced Pistol, Carbine, Scenario 2 Day Course

DAY 1 Pistol and Carbine: Class Begins at 1300

The pistol section reinforces the General Handgun Course and teaches students how to effectively and safely utilize a pistol or revolver. It will test combat shooting skills while moving, shooting and engaging multiple targets.

- Handling the gun
- Marksmanship
- Drawing from a holster in a tactical and rapid manner
- Malfunction drills (Instinctively assessing and rapidly correcting problems with the handgun)
- Various firing positions and actions for each
- Shooting on the move

The rifle section teaches the student how to effectively manipulate a rifle using advanced level skills.

- Handling the gun
- Marksmanship
- Various firing positions and uses for each
- Sling use, drawing from the slung position
- Ammunition management
- Mindset
- Weapon Retention (Techniques on how to keep your weapon from being taken away by an attacker)
- Close Quarters Conflict
- Transition Drills (Switching from the use of the carbine to a pistol in a defensively tactical situation)

DAY 2 Scenarios: Class Begins at 1000

Day 2 teaches the student how to work as a team to solve tactical problems, decision-making, and evaluating a student's ability to effectively apply force during potentially life threatening emergencies. Student will be required to effectively deal in non-lethal force on force situations.

- Close quarters battle
- Responsibilities of using deadly force
- Tactics
- Entry and simulations
- Force on force
- Gun flight simulation
- Redman force on force

Equipment / Ammunition: (Handgun & Rifle can be provided at not additional cost, upon request in advance)

- Eye and ear protection
